

**REMARKS**

Claims 10-27 are pending in the present application. Applicants have amended Claims 10, 18, 19 and 26 herewith.

Claim 10 has been amended to correct a typographical error that was introduced in the Examiner Amendment dated 11/10/2004.

Claim 18 has been amended to back-out the Examiner's amendment to this claim made in the Examiner amendment of 11/10/2004. Applicants are backing-out this Examiner amendment for two reasons. First, this claim was not specifically discussed as needing to be amended in the Examiner interview with Applicant's representative on 10/25/2004. Perhaps more importantly, this amendment makes no sense for Claim 18, which is a claim directed to a data structure on a computer-readable medium for use in a data processing system, the confusion being introduced by the attempt to add operational steps to such a data structure claim. Applicants are thus amending such claim herewith to bring it back to its original form when added in the Preliminary Amendment dated February 25, 1999.

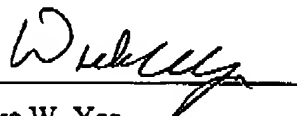

Claim 19 has been amended to add the correct means-for prefix for this data processing system claim, and to correct a typographical error.

Claim 26 has been amended to add the correct instructions-for prefix for this computer program product claim, and to correct a typographical error.

The Examiner is invited to call the undersigned at the below-listed telephone number if in the opinion of the Examiner such a telephone conference would expedite or aid the review of this 37 CFR 1.312 amendment.

DATE: 1/14/05

Respectfully submitted,
